STORIES FROM THE RED COUCH

CELEBRATING 99 YEARS OF
FAMILY JOURNEYS AT THE CRADLE

Join us for the premiere of a 45-minute, Hollywood-produced film about adoption during The Cradle's 99th Anniversary Livestream Fundraising event.

In the new film, *Stories From the Red Couch*, Cradle Adoptive Dad and Hollywood producer Dan Lanigan has beautifully captured 99 years of The Cradle's work through emotional, uplifting and inspiring stories of adoption. Ten Cradle families recently returned to the well-worn red couch found in the lobby of The Cradle to explore the beauty and complexities of adoption, challenge some adoption myths and share their experiences of working with The Cradle.

There is no fee to register, but there will be opportunities to donate throughout the night to ensure The Cradle continues to support children, families and our communities for the next one hundred years.
