## Additional Information

Your birth parents met through a mutual friend. They dated casually for six months but had ended their relationship before your birth mother discovered her pregnancy. She reported she had not seen him since and had been unable to contact him.

Your birth mother first contacted the Cradle in August, 1973. She was living at home with her parents. Your birth mother explored her options and believed adoption was the best plan for you. She did not feel she could provide you everything you needed and she also wanted you to grow up in a two parent home. Your birth mother's parents were supportive of her decision to make a plan of adoption for you.

Your birth mother's parents accompanied her to the hospital when she went into labor. Your birth mother and her mother saw you in the hospital and brought you to the Cradle together. Your birth mother came to the Cradle on February 7<sup>th</sup>, 1974 and signed the legal documents necessary for your adoption. She was described as tearful but remained firm in her belief that adoption was the best plan for you.

Your birth mother hoped to return to college.
