

Bring W.I.S.E UP!® to Your Organization

What is "W.I.S.E UP!"?

W.I.S.E UP! is an empowerment program for adopted children to help them address intrusive questions and remarks. The Cradle can bring W.I.S.E UP! to your school, agency or community group.

We provide all the materials, guidance and facilitators needed to run the session, and you provide registration for your families. The session can be held at your location of your choice, including The Cradle.

Groups size must remain between 5-15 children. At least one parent or guardian must be in attendance for each child.

Email Deva at dsuckerman@cradle.org to learn more and book your session.
